

INSTALLING SUPPORTING SOFTWARE AND CLIENT APPLICATION SOFTWARE

If you have problems downloading the supporting software,

contact the Customer Assistance department at (800) 338-4204 and provide your customer number and district/school name.

Before using your Renaissance Place programs in training sessions or in the classroom, make sure the necessary supporting software and client application software is installed on each workstation. This document describes how to test, download, and install the necessary supporting software for the following products:

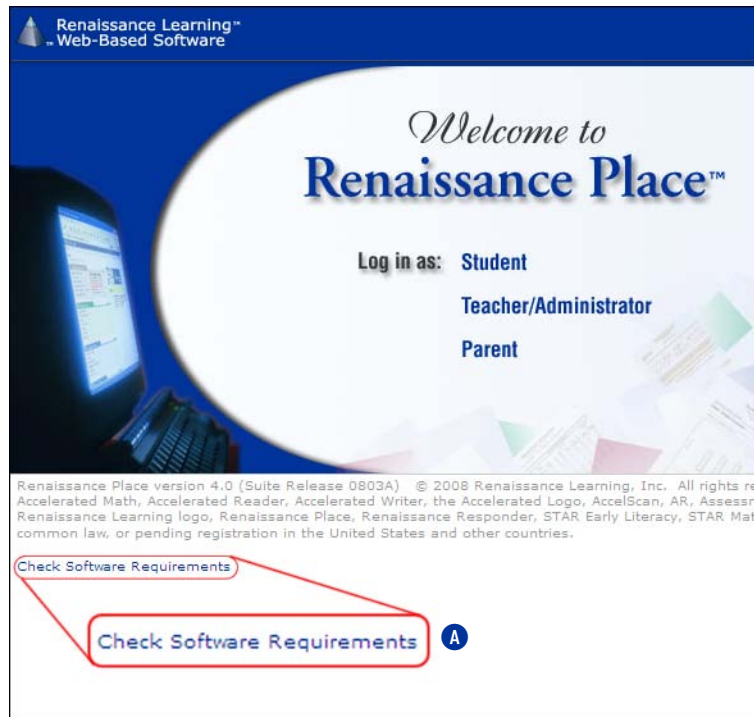

- Accelerated Math™
- Accelerated Reader™
- English in a Flash™
- Fluent Reader™
- KeyWords™
- MathFacts in a Flash™
- STAR Early Literacy™
- STAR Math™
- STAR Reading™

Installing Supporting Software

Who Can Do This?

- District Administrator
- District Staff
- School Administrator
- School Staff
- Teachers

1. On each workstation, open a Web browser and type the Renaissance Place server IP address into the address line.
2. Click **Check Software Requirements** on the bottom of the page **A**.

If you are a District or School Administrator and you are already logged in to Renaissance Place, you can also open the Software Requirements page from your Home page by clicking Product Administration in the Renaissance Place task list, then clicking Download Supporting Software under Setup and Maintenance.

- The Software Requirements page will open with a list of all the necessary supporting software at the top. In some cases there will be audio samples, animations, and links for testing the programs that are currently installed. If any programs are missing or need to be updated, click the **install Version** link for that program **B**. You will receive instructions on how to download and install the necessary software.

Renaissance Place

Software Requirements

Software / Primary Use	Action
<p>Adobe Flash Player Student testing and scoring as well as student practice and quizzing</p> <p>Used by: Accelerated Reader English in a Flash Home Connect MathFacts in a Flash STAR Early Literacy STAR Math STAR Reading</p>	<div style="border: 1px solid gray; width: 100px; height: 30px; margin: 0 auto; text-align: center; color: red; font-size: 12px;">✘</div> <p>If "Flash Player is working properly." does not display above, install Version 7.0 or later.</p> <p style="text-align: center;">B</p>
<p>Adobe Reader Viewing and printing reports as well as assessments and assignments</p> <p>Used by: All Products</p>	<p>Test Adobe Reader If Adobe Reader won't open, install Version 5.0 or later.</p>
<p>Adobe Shockwave Player Teacher scoring</p> <p>Used by: Fluent Reader</p>	<div style="background-color: #e0f0ff; padding: 5px; text-align: center;"> <p>Shockwave meets the requirement.</p> </div> <p>If "Shockwave meets the requirement." does not display above, install Version 10.0 or later.</p>
<p>QuickTime Student practices and teacher scoring (iTunes is not required)</p> <p>Used by: Fluent Reader</p>	<div style="background-color: #e0f0ff; padding: 5px; text-align: center;"> <p>QuickTime is working properly.</p> </div> <p>If "QuickTime is working properly." does not display above, install Version 6.1 or later.</p>

Installing Client Application Software

Who Can Do This?

- District Administrator
- District Staff
- School Administrator
- School Staff
- Teachers

1. Open the Software Requirements page (see steps 1 and 2 under “Installing Supporting Software” on page 1).
2. At the bottom of the Software Requirements page is a list of client application software that you may need, depending on what Renaissance Place programs you will be using.
3. Write down the server name or IP address shown above the list **A**; you may need it later during the installation process.
4. Click the name of any software you need in the Action column to download it **B**. Make sure you click the correct link for the workstation’s operating system.

Client Application Software	
After installation, client applications will need your Server Name or IP Address to access data. Your Server Name or IP Address is: 000.000.000.000 A	
Software / Primary Use	Action
Fluent Reader	Fluent Reader Student 2.3 for Macintosh OS 9.x B
	Fluent Reader Student 2.3 for Macintosh OS X
	Fluent Reader Student 2.3 for Windows
AccelScan and Renaissance Responder	AccelScan 1.42 for Macintosh OS 9.x
	AccelScan 1.42 for Macintosh OS X
	AccelScan 1.43 for Windows
	Renaissance Responder 1.05 for Macintosh OS X or later
	Renaissance Responder 1.05 For Windows

5. Double-click the file you’ve downloaded to begin installing the software.
 - a. You may need to be logged in to the workstation as an administrator in order to install the software.
 - b. If you are asked for your server address when installing AccelScan, the Fluent Reader Student program, or the Renaissance Responder program, type in the Renaissance Place server name or IP address you wrote down in step 3.

Installation Recommendations

For the Teacher Workstation:

- Adobe Reader® 5.x or above must be installed to view all reports.
- QuickTime® 6.1 or above for Fluent Reader.
- Renlearn Print Plug-In 1.3 for direct printing of Accelerated Math assignments.
- Adobe Shockwave® Player 10.0 or later for Fluent Reader.
- Renaissance Responder program (if using Renaissance Responders with Accelerated Math).

For an AccelScan Scanner Scoring Station for Accelerated Math:

- AccelScan 1.x.
- Adobe Reader 5.x or above must be installed.

For Each Student Workstation:

- Adobe Reader 5.x or above must be installed to automatically print TOPS Reports and to view reports.
- Adobe Flash® Player 7 or above for Accelerated Reader, English in a Flash, MathFacts in a Flash, STAR Early Literacy, STAR Math, and STAR Reading.
- Renlearn Print Plug-In 1.3 for Accelerated Reader, Accelerated Math, and MathFacts in a Flash.
- Fluent Reader Student workstations also require:
 - a. .NET Framework version 1.1 or 2.x for workstations using the Windows operating system.
 - b. Fluent Reader Student 2.x. If you are logged in as an administrator to a workstation, previous versions of Fluent Reader Student will automatically update when they are opened.
 - c. QuickTime 6.1 or higher.

For additional information about the Fluent Reader Student program, see the Fluent Reader Software Manual.
